Summary:

Computer Science and Engineering undergraduate with knowledge of Java, Python, C, SQL, PL/SQL, OOP, and frontend/backend development. Seeking a software development internship to apply my skills, gain hands-on experience, and contribute to innovative projects. Strong problem-solving and analytical abilities with a passion for learning new technologies and building efficient software solutions. Eager to collaborate in a team-oriented environment and continuously enhance my technical and professional skills

Academic Qualifications :

Qualification	University	Year of Passing	CGPA
BTech	Anurag University	2028	8.74
Intermediate(10+2)	SR Junior College	2022	9.72
SSC	Manasa High School	2020	9.8

Technical Skill Set :

Languages : Java, Python, C

Frontend : HTML, CSS, JavaScript

Backend : Core Java, JDBC, OOP

Database : SQL, PL/SQL, PostgreSQL

Tools : VS Code, Eclipse, Git, GitHub, Postman

Project :

1.Title: Smart Traffic Management System

Tech Stack: Java, SQL

Description:

- Developed a Smart Traffic Management System using Java and SQL to improve traffic flow and reduce congestion.
- Designed and managed a relational database to store and retrieve traffic-related data efficiently.
- Performed CRUD operations using SQL to manage traffic information and ensure data consistency.
- Built a modular and maintainable application by following structured programming and OOP principles.

2.Title: Weather Application

Tech Stack: HTML, CSS, JavaScript, OpenWeather API

Description:

- Developed a responsive weather application using HTML, CSS, JavaScript, and the OpenWeather API.
- Integrated REST API calls to fetch and display real-time weather information based on user input.
- Displayed weather details including temperature, humidity, wind speed, and weather conditions through an interactive user interface.
- Implemented asynchronous API requests using JavaScript to ensure smooth and efficient data retrieval.
- Designed a responsive and user-friendly interface compatible with desktop and mobile devices.

Internship :

Completed a Frontend Development Internship at Alfido Tech, where I developed responsive and user-friendly web pages using HTML, CSS, and JavaScript. Gained hands-on experience in building interactive user interfaces, implementing responsive web design principles, and improving frontend development skills through practical projects.

Interpersonal Skills :

- Problem Solving
- Teamwork
- Time Management

Certifications :

- Frontend Development Internship Certificate – Alfido Tech
- MongoDB Certificate

Languages Known :

Language	Speak	Read	Write
English	Yes	Yes	Yes
Telugu	Yes	Yes	Yes

Hobbies :

- Watching Movies
- Reading
